

STEP 2

Conduct an Organisational Needs Analysis (ONA)

The apprenticeship adviser for your local area will work with you to discuss any pain points or areas of the business you are looking to grow and identify skills gaps that could be filled using a skills programme and address these areas.

STEP 4

Identify Available Funding Options

Our team of advisers know the best ways to make skills training as cost efficient as possible. Whether this is accessing government grants or our very own Transfer to Transform scheme, we are here to make skills training accessible for organisations of all sizes.

STEP 6

Recruit!

Time to share that vacancy, or begin to upskill a current member of staff! If you are recruiting externally, your training provider can support with the recruitment process.

STEP 1

Contact the Apprenticeship & Skills Partnership

Contact the ASP through our website, by email or through our social media - we will put you in contact with your relevant, local adviser to provide you with the support you need.

STEP 3

Identify Relevant Skills Training Solutions

Your adviser will use the ONA to find the most suitable solution for YOUR organisation and use their expertise to provide you with options that will address your needs. This could be a traineeship, apprenticeship, T-Level or other accredited skills programme.

STEP 5

Find the Appropriate Training Provider

We have a tried and trusted network of training providers across the region offering a wide variety of training programmes that we will match to your needs.

Get in contact with the Apprenticeship & Skills Partnership team to find the local adviser for your area. Contact us by email: hello@theapprenticeshiphub.com, via our website, or any of our social media channels.
